

## EASY NOW TO SAW LOGS AND CUT DOWN TREES

Only one man, or even a boy, with the improved Ottawa Engine Log Saw can easily cut twenty-five to forty cords a day, and at a cost of less than 2c per cord. This machine, which outdoes all others, has a heavy, cross cut saw driven by a powerful especially designed 4-cycle gasoline engine. It's a fast money-maker for those using it, and does more than ten men could do, either cutting down trees, sawing logs, or buzzing branches while you rest. When not sawing, the engine can be used for other work requiring power.

The entire machine is mounted on truck wheels to make it easy to move to the trees or logs, and from cut to cut on a log without stopping the engine. For moving on the road, the truck wheels are placed parallel with the skids and the rig hauled straight ahead. The wheels turn on a two-way spindle. You do not have to take them off, but can change direction of wheel travel by merely taking out a pin.

The Ottawa can be fitted for sawing down trees. It cuts level with surface of ground, thereby getting all the timber and leaving no stumps sticking up. An automatic friction clutch stops the saw in case of undue resistance. Two men can fall forty to fifty trees a day in ordinary timber. The whole outfit is compact, simple, durable against a lifetime of hard work. It sells for a low price and is fully guaranteed for reliable operation in the hands of every one who has trees to cut down and logs to work up.

Full information and low factory price to you can be had simply by addressing the Ottawa Mfg. Company, 2724 Wood St., Ottawa, Kansas.

## EDDIE COLLINS NOT YET ON DOWN GRADE

White Sox Star Looks Good for Many More Campaigns.

Probably in Slump Such as All Players Are Liable to Encounter—Failed to Come Through in Pinches in Big Series.

Since Eddie Collins' showing in the world's series, an exhibition far below what was expected of the so-called king of second basemen, baseball followers are beginning to wonder how much longer the star infielder of the White Sox will remain at the top of his class. Many noticed signs that he was slipping in the games with the Reds. Certainly he wasn't the Collins of old in the post season battles. He looked no better than Rath, who was not supposed to be in the same class with the American leaguer.

Maybe it was that Collins was just in a temporary slump such as all players, no matter how great, have every now and then. His playing in the league campaign would hardly bear out the belief that his life as a star has about run its course, writes J. V. Fitzgerald in Washington Post. He played his usual dependable game during the pennant race.

But it is true that he was below the form expected of him in the big series. In other post season games in which he has engaged he has outdone himself. And this failure to

Eddie Collins.

come through in the pinches against the Reds is no doubt what has started the fans to wondering if, like all other great players, Collins is finally coming to the end of his rope in the big show.

As ages go, Collins is still a young man. He is only thirty-two, but for a ball player, and particularly an infielder, that is a rather ripe age. And as service goes he is one of the real veterans in the big leagues. He has been playing professional baseball since 1906. He has seen 14 seasons, come and go in the national pastime.

## POUGHKEEPSIE COURSE IS SHORTENED A MILE

For the first time in the twenty-two years of its history, the varsity race at the Poughkeepsie regatta next June will be for three miles instead of the traditional four. The new course probably will start at the Columbia boat-house, one mile below the old starting point, and will finish in the same place as in the past, about one mile below the high bridge. This announcement was made tonight by Charles Halsted Mapes, chairman of the board of stewards of the annual rowing classic.

## PETERSON WILL BE REFEREE

Veteran Billiard Expert Will Officiate at Various Games to Decide Championships.

Charles C. Peterson, veteran St. Louis billiard expert, and one of the wisest known figures in the game, has accepted terms whereby he will officiate as referee at all games played in the billiard, three-cushion and pocket billiard tournaments which will decide the championships in these three styles of play.

## TO MAKE EVERY STUDENT FIT

Aim of Compulsory Training at Harvard to Teach Various Forms of Exercise and Sport.

The aim of Harvard's compulsory training for freshmen is to make every student who enters college in the future physically fit, and to teach forms of exercise and sport which he can enjoy in actual participation while in college and after graduation. The innovation will strengthen future Harvard varsity athletic teams by the discovery of latent material.

## TWIN BROTHERS ARE OPPOSING CENTERS

Callahan Brothers Play on Opposing Teams.

One of the most remarkable rivalries ever seen on the gridiron, if not in all athletics, is that between Mike and Tim Callahan, twin brothers, who are opposing centers on the Yale and Princeton football teams.

Left—Tim Callahan, captain and center for Yale.

Right—Mike Callahan, captain and center for Princeton.

Tim and his brother resemble one another in build and both also have wonderful football records behind them. The Yale captain during the war was in the navy and a member of "Cupid" Black's eleven. His play came very near gaining him an All-American service team position.

In some cases brothers are starting on the same teams. Yale has the Wells twins, one of whom is playing a halfback position on the varsity team, while the other as a lineman on the second team is fast making a name for himself. The Horwens are two of Harvard's best backfield players, Ralph doing the punting.

Pennsylvania has a pair of tifty ends in the Miller brothers, both of whom are stars of the brightest luster. Heinle formerly captained the Quakers, while this is Ray's first year as a varsity player. Northwestern university also has a pair of ends who are brothers, and twins—the Marrows.

## FRED PLAISTED KEEPS BERTH

Veteran Will Have Charge of Rowing Equipment at Columbia—Will Do No Coaching.

Fred Plaisted, who for five years was assistant coach in charge of the Columbia University freshmen crews under direction of Jim Rice, has been re-engaged by the Columbia authorities to serve as general assistant at the Union Boat clubhouse, where the Columbia oarsmen will make their headquarters. Plaisted will not be required to do any coaching because of his advanced years, but he will have full responsibility for keeping the barges, racing shells, sweeps and all other equipment at the boat-house in order.

Plaisted is one of the best known of professional oarsmen this country has developed. He was at his prime in the seventies, when the Ward brothers were sweeping all before them. He won many races, both as a single sculler and teamed in crews with other professionals. His first college engagement was with Bowdoin and later he was in charge of all equipment at Yale. He first came to Columbia in

Fred Plaisted.

1913 and served as Rice's assistant. He continued with the Blue and White oarsmen last season, and was nominally in charge of the crew, although he divided authority with Eugene Glavin.

## BAR ALL GERMAN ATHLETES

Will Not Be Permitted to Participate in Olympic Games in 1920 in Belgium.

German and Austrian athletes have been barred from the Olympic games in 1920 and may be perpetually disfranchised from participation in all international sports.

This announcement was made recently at a dinner at the University club by Edward S. Johnson, director of "Y" athletics in the A. E. F., who has just returned from a conference with the Belgian Olympic committee. By mutual agreement the enemies of the allies will be denied admission next year, and France and Belgium will propose to make the ineligibility perpetual, Johnson said.

The games will be held next year in an immense stadium outside of Antwerp that was built by the Germans during their occupation and used for training soldiers and their "turn veretins."

## JIMMY SMITH QUITE LUCKY BALL PLAYER

A ball player who is not a regular on a championship team, but who draws a share of a world series purse, is naturally counted very fortunate. Jimmy Smith, utility infielder of the Reds, has "sat out" his second world's series, and for the second time received a neat sum of money without having to work for it.

Smith received \$5,297.01 as his share of the series money between the Reds and White Sox. All he had to do for this "gob" of cash was to run for Sherwood Magee, pinch hitter, and to get into an argument with Eddie Collins.

In 1917 Jimmy was with the Giants, and drew down a bundle of coin in the fall, though he did not take part in the series with the White Sox.

Over in London town Tom O'Rourke is telling the British ring followers that Fred Fulton will back Jack Dempsey into a corner and take the heavy crown away from him if the pair ever meet again.

Canadian crews for the Olympic games will row preliminary trials at Ottawa. Harvey Pulford, the famous Ottawa stroke, will coach the crews as assistant to Joe Wright, who is instructor of the University of Pennsylvania crews.

**Catarrhal Deafness Cannot Be Cured**  
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

## NOT AT ALL BAD REASONING

Few Have Real Confidence in Advice That is Handed Out by Acknowledged Failures.

Harold Bell Wright, the novelist, said in an after-dinner speech in San Francisco:

"After all, success—financial success—is the best proof of a book's merit. All good books, from 'Robinson Crusoe' down, have had phenomenal success—made hundreds of thousands of dollars.

"We all know this is true about financial success. We are all like the tramp who asked the old gentleman for the price of a glass of beer.

"I have no money," the old gentleman said, "but I will give you a little advice, friend."

"The tramp lit a cigarette butt and blew a contemptuous puff of smoke into the old gentleman's face.

"Well, if ye ain't got no money," he said, "yer advice can't be very valuable."

## 'HONK, HONK!' THERE YOU ARE

After That It Was Easy to Understand Where Old Lady Wanted Letter to Go.

A portly Dutch woman applied to the post office for a money order to send to her son in the far East. She told the clerk she had left her son's letter at home, but said he was "some place out in China, dot sounds like der noise an automobile makes."

The clerk smiled, and turning to another nearby, he said: "What kind of a noise does an automobile make, Joe?"

"Honk, honk!" the other suggested. "Yah, dot's it," exclaimed the woman, her face brightening. "Honk, honk, dot's der place."

So the clerk made the order payable to Hongkong, and the woman went away happy.
